

The Sustainment Training Center (STC) offers an M88A1 Medium Recovery Maintenance Training Course focusing on replace, adjust, test and troubleshoot the mechanical, hydraulic and electrical systems. Core fundamental teaching points are engine and transmission, APU, main and hoist winch, and electrical system maintenance and troubleshooting. The training is NOT MOS producing or Additional Skill Identifier (ASI) awarding.

This course is in the ATRRS School Reservation System under School Code 952, Course Title: 964-M88A1MT.

Technicians/Soldiers attending the instruction will attend this training in a paid status. Cost to the States for sending Technicians/Soldiers include travel to and from Camp Dodge from the Technicians/Soldiers home station. Food subsistence is local economy. Lodging is available on Camp Dodge for \$46.00 per night for single room, queen size bed and shared latrine.
