

The Sustainment Training Center (STC) offers a DC and Low Calibration Training Course for your Full-Time Calibration Technicians. Calibrators receive instruction on operating the workstation controller and core workstation standards to include cross checks. Instruction will allow the calibrator to perform a multitude of DC and Low calibration functions.

The training is NOT MOS producing or Additional Skill Identifier (ASI) awarding.

This course is not in ATRRS Contact Mark Rushing for reservations. In ATRRS 01 Oct 2023 Course Title 964-CALIBRATION DC/LOW.

Technicians/Soldiers attending the instruction will attend this training in a paid status. Cost to the States for sending Technicians/Soldiers include travel to and from Camp Dodge from the Technicians/Soldiers home station. Food subsistence is local economy. Lodging is available on Camp Dodge for \$43.00 per night for single room, queen size bed and shared latrine.
