

COVID-19 Policy & Standards for Technician Training Courses

On Post Housing WILL be available for the Technician Courses. See paragraph 4 of the Student Guide for room description and amenities.

Technician Students WILL be COVID-19 screened at Home Station prior to departure to Camp Dodge. Memorandum from the STC Commander, outlining screening requirements and other detailed COVID-19 policies, will be sent to all inbound students prior to arrival.

Every Technician Student will be required to have a face covering that meets the DoD/CDC requirements. Face covering WILL BE required to be worn by all Technician Students when reporting to the Technician Training Building Daily. Students will have face covering in their possession at all times. Either wearing on or in pocket. Students SHOULD bring more than one face covering with them from Home Station.

Social distancing will be adhered to whenever possible (maintaining 6 feet of distance between personnel). Gatherings of larger than 10 people should be limited to the greatest extent possible.

Utilization of Personal Protective Equipment (PPE/Face Masks) is required whenever there is a group larger of ten (10) people or social distancing cannot be maintained. Regardless of the number of people present. Technician Students are encouraged to wear a face covering at all times while performing duty.

Technician Students will have temperature checked and be asked three screening questions upon arrival at the STC for Training daily.

Technician Students will need to bring a container to drink water from with a sealable lid and name on it. Water fountains will not be operational.

Every Technician Student WILL have a small bottle of hand sanitizer. This should be part of the packing list.

Camp Dodge Post Exchange is open, limited to number of PAX allowed and must maintain spacing in the store.

Camp Dodge Wellness Center is open at 50% capacity.

Conditions and possible restrictions for delivery of call-in food items to the barracks from off post restaurants should be discussed with the restaurants when ordering. Some deliveries will only drop off food at the Main Gate.

Mechanics Gloves are recommended to be included in students packing list.

Providing a quality training package in a safe environment is still our #1 Priority!
